

Ahoy there, matey...

A long-lost pirate has hidden
treasure somewhere in this very
land.

But beware... only the clever, the
brave, and the bold can follow the
clues!

Solve each riddle, follow the trail,
And riches beyond measure shall fill
yer sail!

Start where weary pirates rest their
bones...

The first clue awaits ye there...

Clue 1

Where pirates rest after sailing the sea,
With pillows so soft as clouds may be.
Search where ye lay yer tired head,
Yer next clue waits upon this bed!

Clue 2

A place where grub is served each day,
Where hungry pirates shout "Hooray!"
Plates and cups be gathered here,
Look close, the next clue's very near!

Clue 3

Cold as the depths of the ocean blue,
Where treasures of food are kept for you.

Open the door and take a peek,
Yer next clue hides where it's chilly and
sleek!

Clue 4

Before a pirate sails away,
Boots be needed for the day.
Where shoes are lined up row by row,
Another clue be hid below!

Clue 5

Where water flows like ocean tide,
And pirates scrub the grime they hide.
Search near the sink or tub so wide,
Yer next clue waits just inside!

Clue 6

Tales of adventure, brave and bold,
Of pirates, treasure, and chests of gold.
Where stories sleep upon a shelf,
Ye'll find the next clue all by itself!

Clue 7

Where young pirates play and schemes are
made,

With toys and treasures all displayed.

Search among the fun and cheer,

Yer next clue surely must be here!

Clue 8

Now take yer search to the great
outdoors,

Where pirates once walked sandy shores.

Near something tall with leaves so green,

The next clue waits, though seldom seen!

Clue 9

Where ye come and where ye go,
Through this place all pirates flow.
Check the door or where ye stand,
The next clue's hidden close at hand!

Clue 10

Ye've sailed the seas and followed true,
Each tricky riddle led by you!
Now the treasure lies not far away...
Look where pirate queens hide away!
Where X marks the spot (or where the
queen may rest),
Ye'll find at last... the buried chest!
